## ABOUT US

**Elvia Care** is committed to improving the health of patients worldwide through development, production and marketing of innovative pharmaceutical products. We are dedicated to ensuring that our research, development strategy and results are conducted in a transparent and shared way and in a collaborative manner with researchers, health authorities and especially patients.

Established in 2009, **Elvia Care** Private Limited company is actively involved in helping millions of people have access to safe, effective, world class quality medicines, nutritional & herbal supplements and OTC products.

We pursue robust organic growth. This strategy is complemented by key alliances with exemplary global marketing partners. We strive towards better health for patients worldwide through leading innovation in medicine, distinctive marketing capabilities, state of the art manufacturing facilities, broad product portfolio, deep understanding of pharmaceutical regulations, and strong partnerships and affiliations. As a recognized WHO-GMP / PICS / EU-GMP certified manufacturer for pharmaceuticals, we endeavor to stick to the world class quality standards.

We have a comprehensive presence in the global marketplace, with our formulations available in more than 25 countries worldwide. Our state-of-the-art manufacturing facilities enable us to produce more than 500 plus bioequivalence finished formulations (medicines), which are accredited and approved by various regulatory authorities across the globe.

Our focus is on innovating the future through the development of new health products and to make them available at all pharmacies worldwide. In every single action; we follow our guiding values of Integrity, Quality, Excellence, Unity, Results and Teamwork.

### CORPORATE OVERVIEW

From India to the world, **Elvia Care** is engaged in manufacturing, marketing, selling and distributing quality pharmaceutical, nutraceutical products and Fast Moving Consumer Goods (FMCG). Headquartered in Yamuna Nagar, we have our presence in more than 25 countries across the globe. Our manufacturing facilities located in Baddi, Kala Amb & New Delhi, have received international accreditation from reputed health authorities around the world with respect to good manufacturing practices. We export to Asia-Pacific, Middle East, Africa, CIS-Countries, Latin America and Europe. Our business activities across all major stages of the pharmaceutical industry value chain provide us with increased opportunities to pursue growth by realizing potential synergies arising from coordinating our efforts across business segments in our selected markets.

### OUR ENDEAVOR

At **Elvia Care**, it has always been our endeavor to identify and implement innovative ways to constantly improve our performance and quality of mankind. We endeavor to create an environment where innovation can blossom and setting high standards through our efficiency.
